

What do you want for your birthday?

Blake Moreland

Cole Welhoff

Andy Moreland

What do these three young men have in common? It started when they were born one day apart in the same hospital and shared the same nursery at St. Lukes . Living in the same town and attending the same school in the same grade continues the trend. **Where the story gets really interesting is what they did for their birthdays this year.**

These young men decided to have a joint birthday party. They set the date for September 30, 2006 and invited about 50 4th grade boys and girls to join them at the Harrisonville Community Center for a swimming party. Pretty ho-hum stuff up to this point, but it doesn't stay that way. They decided that instead of gifts, they would ask people to bring donations for the Lance Armstrong Foundation. Both families have been touched in some manner by cancer and the boys wanted to help other people fight the battle. They chose the Lance Armstrong Foundation because they are familiar with him and his foundation.

They raised \$837.00.

You done good guys!
