Can things go too well?

I guess that all depends on your point of view. It all started with a Rotary club with 13 members and some wonderful ideas. With help from three clubs around the globe and Rotary International, Harrisonville was one of the clubs, there are now 27 schools that have water and bathrooms. What no one anticipated was that bathrooms would increase the student population to the extend that it did. Now a Rotary club with 13 members is trying to support the ongoing needs of the water projects as well as provide school supplies for the increased student population. Maybe one of our scholarships could go to a bunch of small kids.
